1. Introduction

This document explains the steps required to install the SofentFrontDeskV1.0, a Hotel Management System software. The Installer program consists of SofentFrontDeskV1.0B21.exe. The package should also have Readme along with the file mentioned above.

2. Prerequisites

Following prerequisites are necessary before installing SofentFrontDeskV1.0. The client machine should have the SQL Server database.

SQL Server Express edition can be installed in client machine. The free edition can be downloaded for use from the following link.

<http://www.microsoft.com/sql/editions/express/default.mspx>

3. Client Requirements

The operating system must meet one of these requirements:

1. Microsoft Windows XP Service Pack 2. This can be downloaded from the link

<http://www.microsoft.com/downloads/details.aspx?>

[FamilyId=049C9DBE-3B8E-4F30-8245-9E368D3CDB5A&displaylang=en](http://www.microsoft.com/downloads/details.aspx?FamilyId=049C9DBE-3B8E-4F30-8245-9E368D3CDB5A&displaylang=en)

2. Microsoft .Net Framework Version 2.0.
3. Crystal Report 2008 should be installed sufficient

[http://www.businessobjects.com/forms/default.asp?](http://www.businessobjects.com/forms/default.asp?id=70160000009BXP&ref=cr2008downloadextcmp=ref)

[id=70160000009BXP&ref=cr2008downloadextcmp=ref](http://www.businessobjects.com/forms/default.asp?id=70160000009BXP&ref=cr2008downloadextcmp=ref)

4. Although 512 mb RAM is recommended, a minimum of 256 mb will suffice
5. 55 MB free space on hard disk is required.

4. Before You Begin

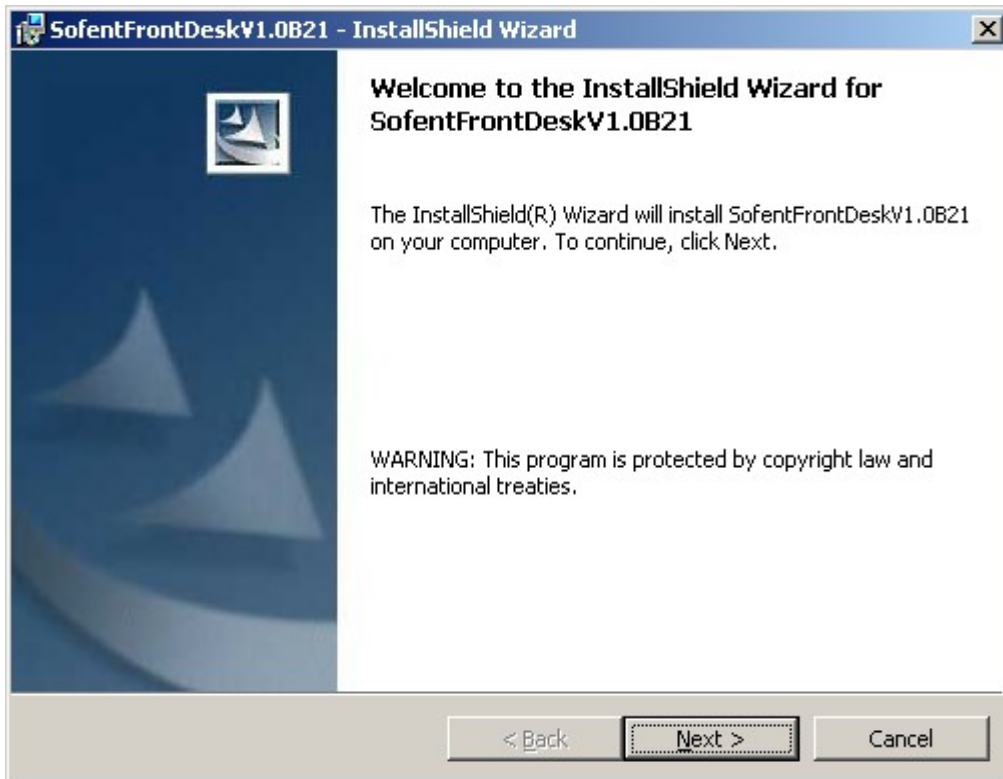

- Close all programs and turn off virus protection software to prevent installation conflicts.
- Make sure the system meets the requirements outlined in the previous section.

5. Installation

Click the given exe file to begin installation. Follow the screens below to go through the installation process.

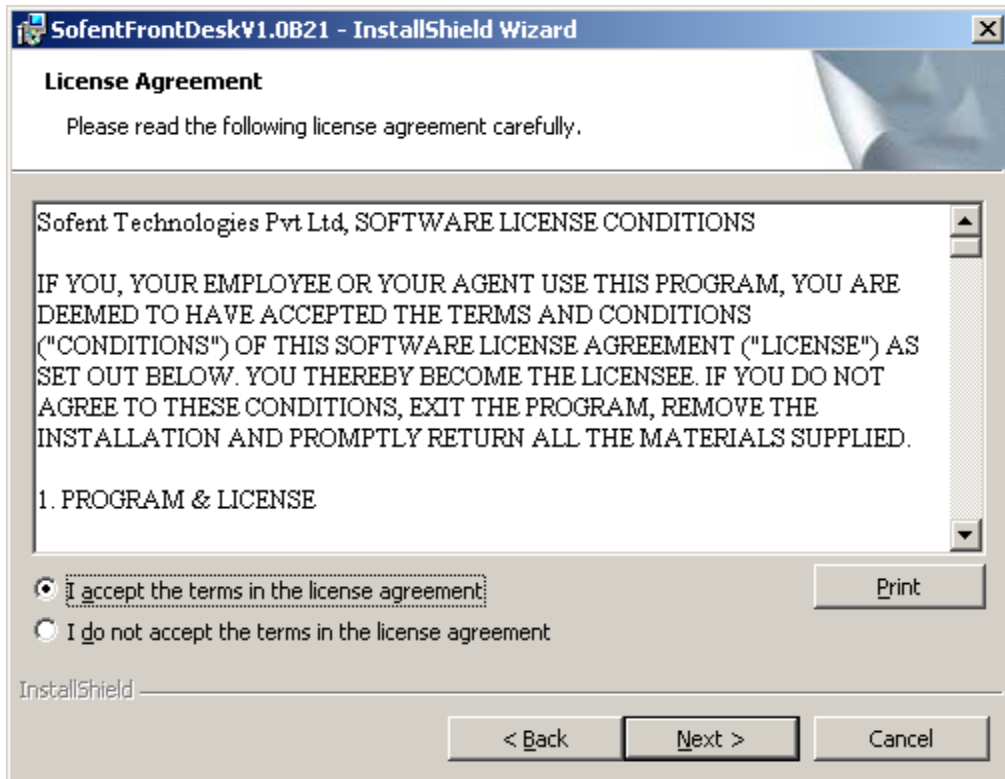

5.1. Welcome Screen

This screen shown below will be the first screen you will see when the Wizard starts. Click next on this screen.

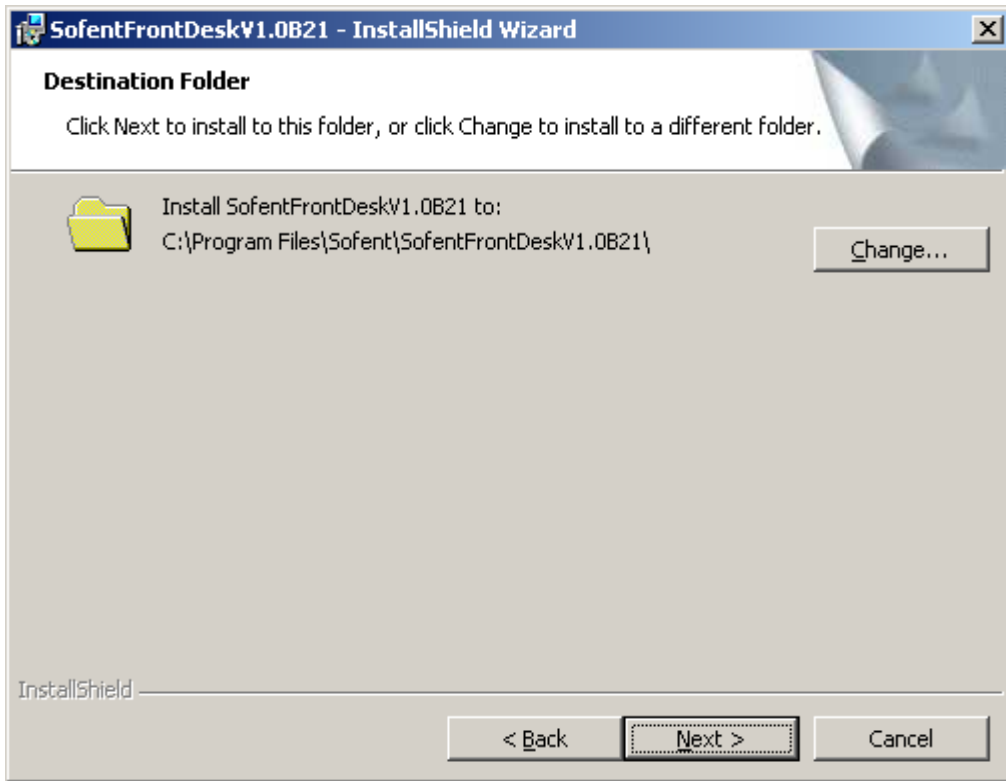

5.2. License Agreement

You will see the license screen as shown below. Read the License agreement and select the radio button and click next.

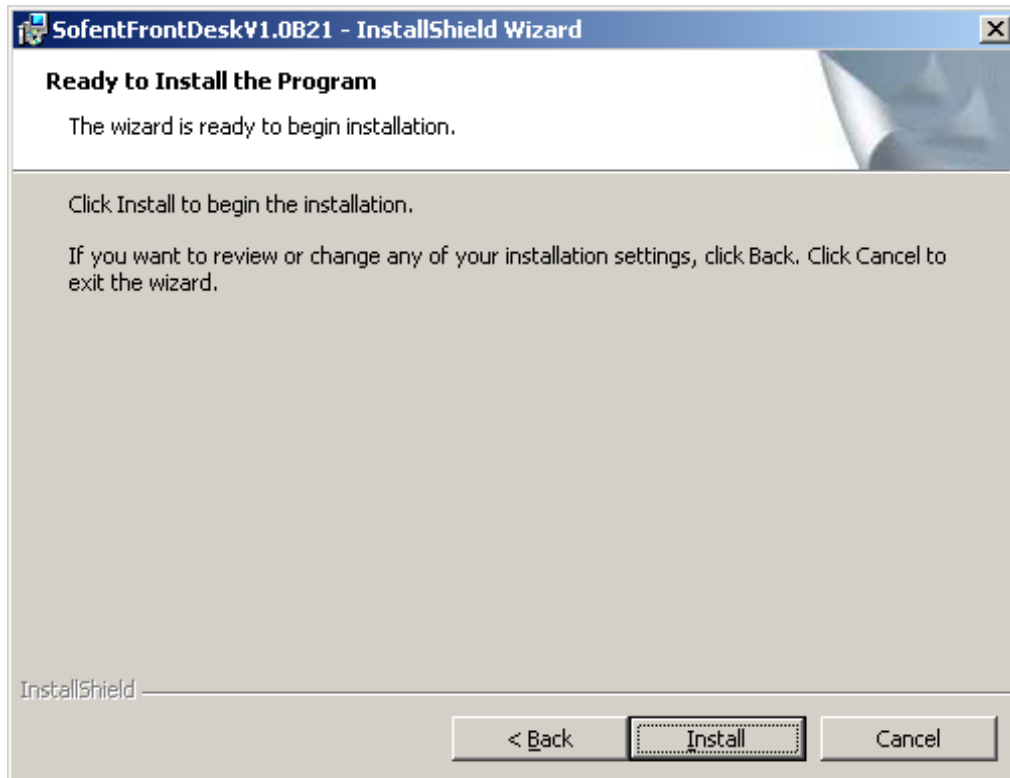

5.3. Destination Folder

By default the wizard installs the application in a directory as shown in the screen. If you want the application to be installed in a different directory click change button and type in the path to this folder. Then click next.

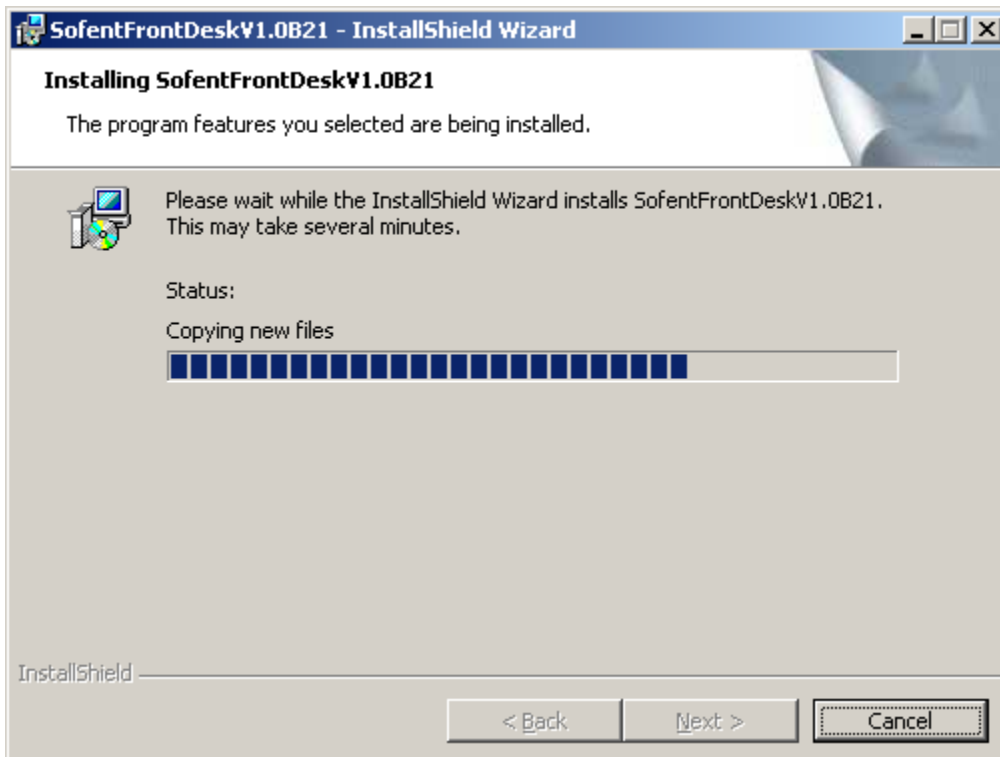

5.4. Ready to Install

Now the wizard is ready to install the application. Click install button to proceed.

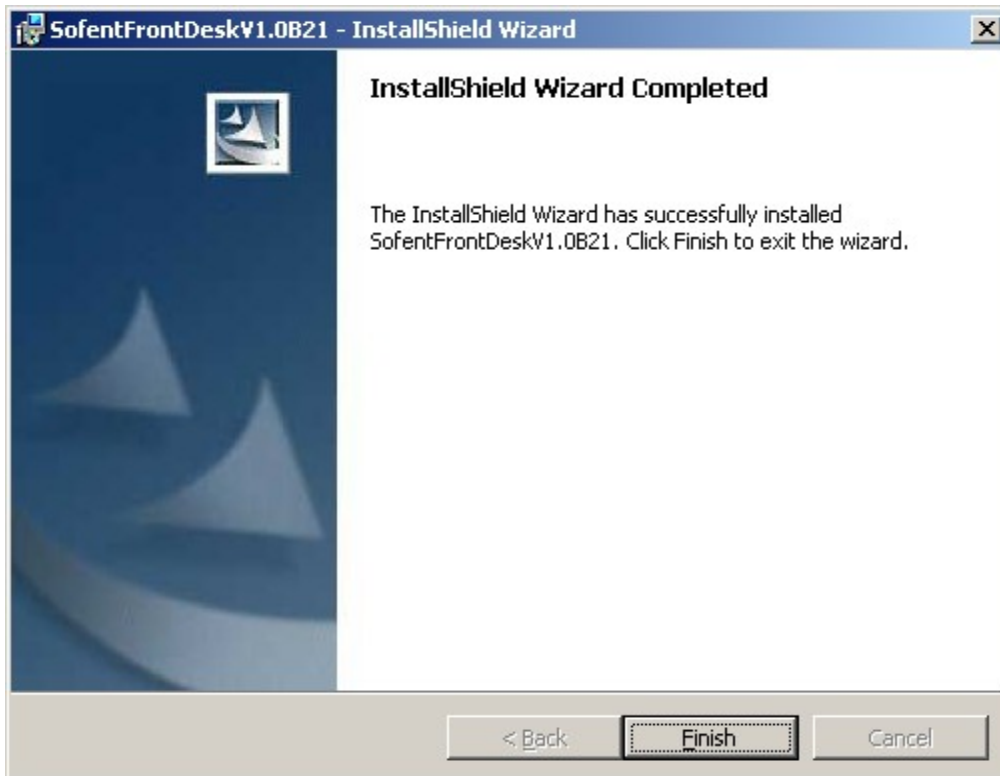

5.5. Installation in progress

The following screen shows that the installation is in progress.

5.6. Finish

Click Finish button to exit the wizard.

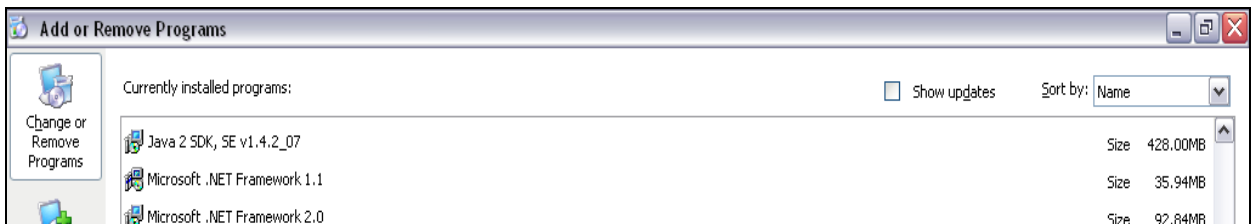

6. Run the Application

Click on Start-->All Programs-->SofentFrontDeskV1.0 to run the application in your machine. Refer User Manual document for more information on how to use this application.

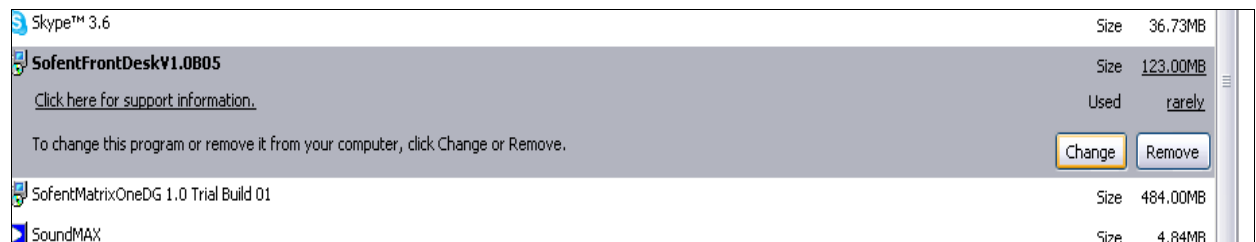

7. Un-Installing Sofent Front Desk Application

a) Un-installing using Add or Remove program

- Go to Start then settings, Control Panel and double click on Add or Remove programs as shown in picture below.

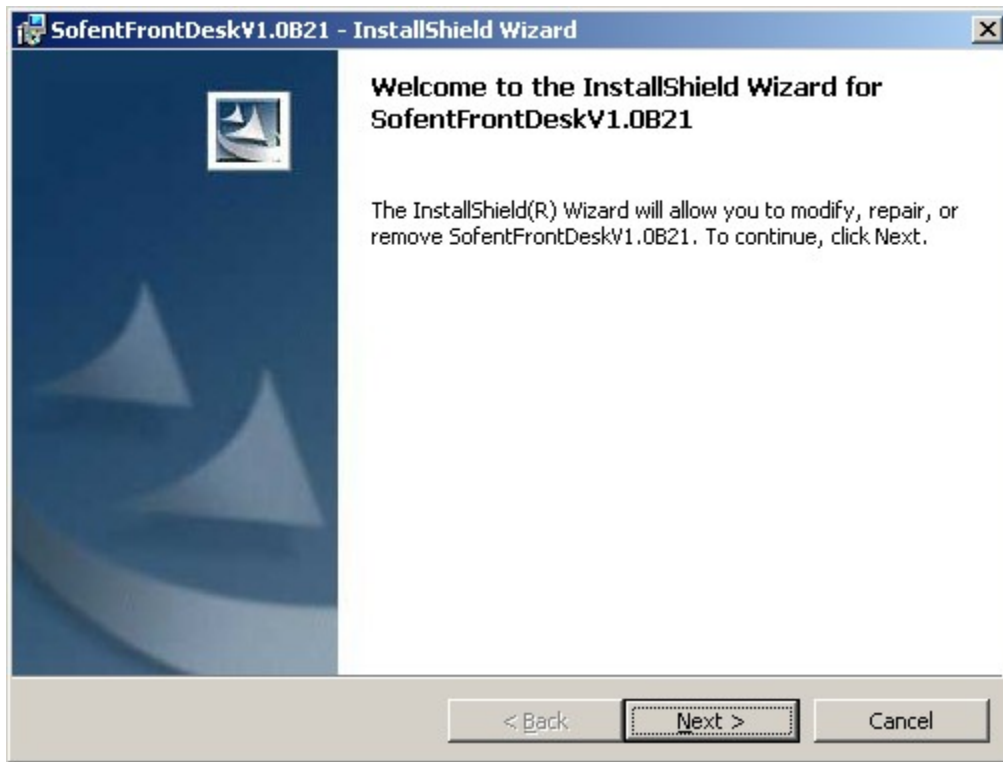

- Select SofentFrontDeskV1.0B21 and click the Change / remove button to uninstall as shown in picture below.

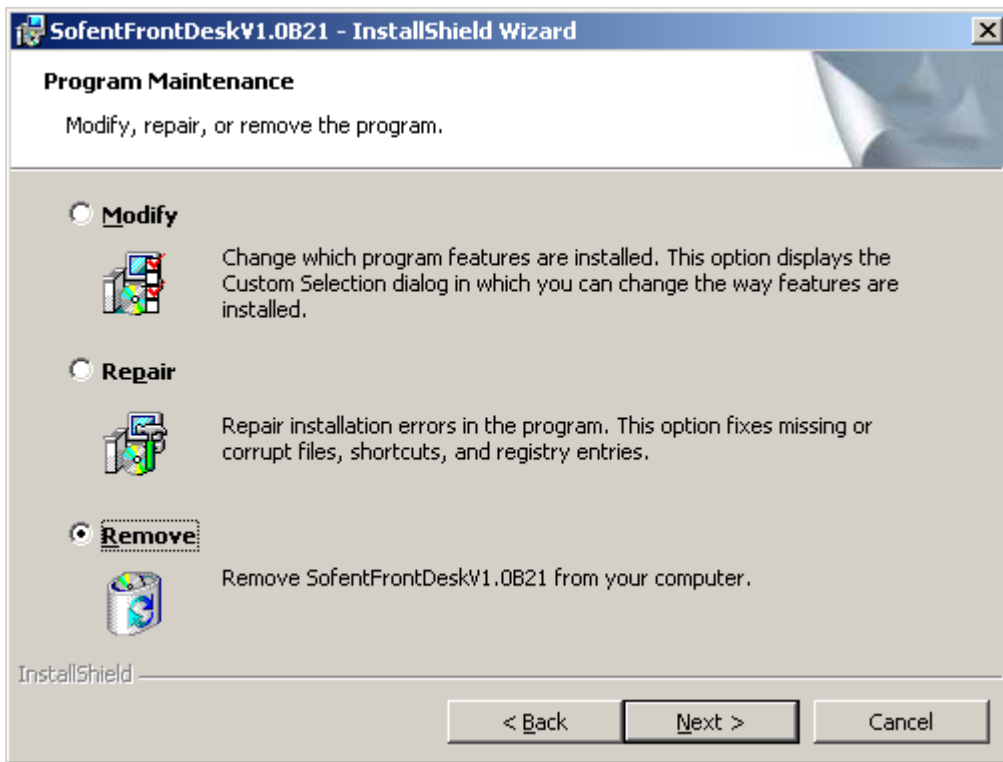

b) Un-installing using installer

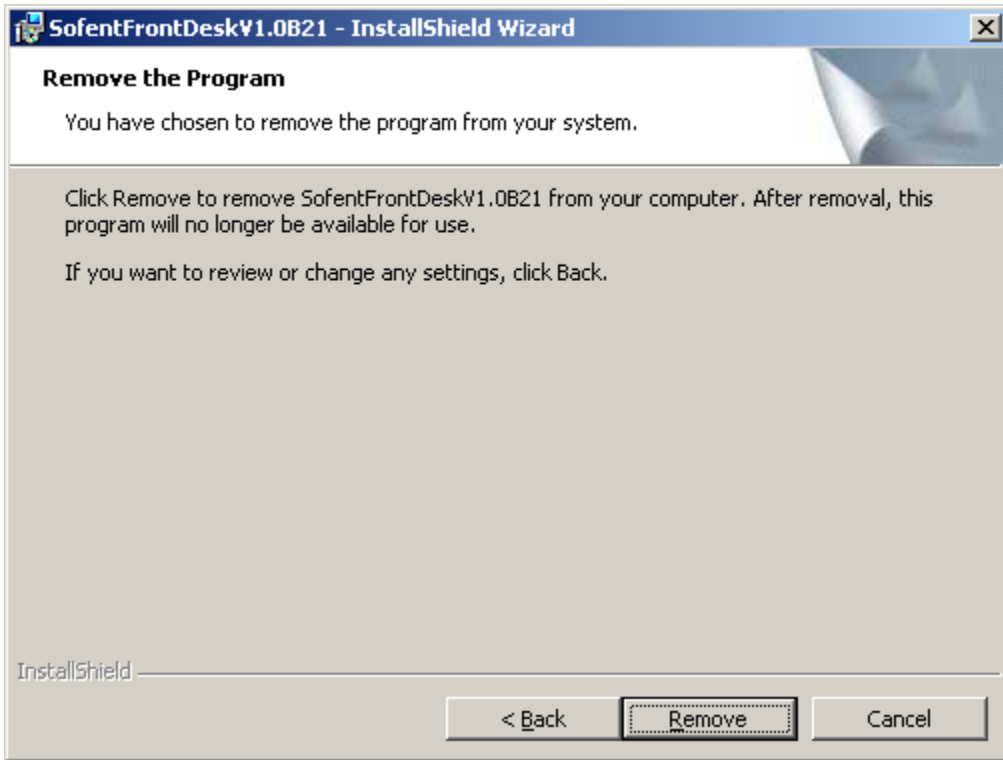

- Run the installer again to uninstall the program. You will see the screen as shown below. Click next on this screen.

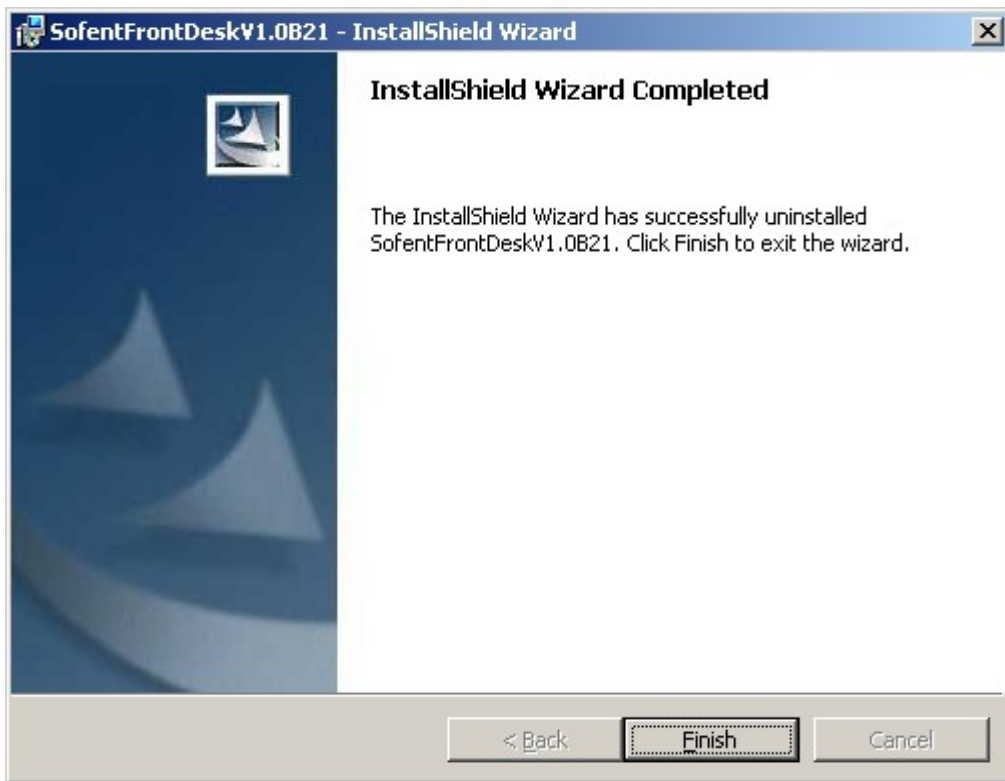

Click Next to proceed.

You will see the screen as shown below. Select the “remove” radio button.

Click "Remove" to proceed.

Click "Finish" to exit the program.
